SUHASINI PHATAK

UI/UX Designer | Product Designer

Chennai, India • +91 6361328423 • phataksuhasini16@gmail.com • linkedin.com/in/suhasiniphatak

SUMMARY

UI/UX Designer with 1+ year of experience designing intuitive, user-focused interfaces across fintech, payments, and SaaS products. Skilled in Figma — from wireframes and interactive prototypes to design systems and dev-ready handoff. Working knowledge of frontend development (React.js, HTML5, CSS3) strengthens collaboration with engineering teams and improves design-to-code accuracy.

SKILLS & TECHNOLOGIES

UI/UX Design: User Interface Design, User Experience Design, Wireframing, Prototyping, User Flows, Usability, Responsive Design

Design Tools: Figma, Figma Dev Mode, Auto Layout, Components & Variants, Design Tokens, Design Systems

Visual Design: Typography, Color, Visual Hierarchy, Layout & Spacing, UI Consistency, Design Patterns

Frontend Knowledge: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS — supports accurate design-to-code collaboration

EXPERIENCE

Junior UI/UX Designer | Swipewire Technologies Private Limited — Chennai *Sept 2025 – Present*

- Designed and refined UI/UX for 7+ client products across fintech, payments, and SaaS platforms in Figma
- Improved usability and information architecture on dashboard-heavy products, refining layouts for clearer data presentation
- Built user flows and interactive Figma prototypes to map and validate key product interactions ahead of development
- Created and maintained reusable design systems using Figma Components, Variants, Auto Layout, and Design Tokens across client projects
- Collaborated with developers via Figma Dev Mode, providing dev-ready specs and conducting post-implementation UI QA to ensure design-to-code accuracy

SELECTED CLIENT PROJECTS

PayGneo – IDFC — Improved layout and usability of the Payout VA dashboard; refined UI for consistency.

Rugr – Garuda — Designed core UI, user flows, and interactive prototypes for the Garuda product experience.

Hallmark Payments — Designed website UI with clear information hierarchy, layouts, and reusable components.

Royal Jeet — Designed landing page structure, visual hierarchy, and typography for a clean, engaging UX.

Playin & Betin — Designed 3 SEO-focused landing pages; supported UI QA and implementation review.

Zrai Zrika UPI — Contributed to dashboard layout and information organization for a UPI acquiring platform.

TECHNICAL SIDE PROJECTS - PERSONAL PROJECT

AI Resume Analyzer — Full-stack apps built with React.js, Tailwind CSS, Node.js, Express.js, and Google Gemini AI API; deployed on Vercel.

AI Mock Interview Platform — Full-stack apps built with React.js, Tailwind CSS, Node.js, Express.js, and Google Gemini AI API; deployed on Vercel.

EDUCATION

B.E., Electronics and Communication Engineering

KLS Vishwanthrao Deshpande Institute of Technology, Haliyal, Karnataka • 2021 – 2025
