SUMMARY

Frontend Developer with nearly 1 year of experience in UI/UX design and responsive web development. Skilled in React.js, JavaScript, HTML5, CSS3, Tailwind CSS, REST APIs, and Figma. Passionate about building scalable, user-friendly web applications by combining frontend development with strong design principles

TECHNICAL SKILLS

- **Frontend Development:** HTML5, CSS3, JavaScript (ES6+), React.js, TypeScript, Bootstrap, Tailwind CSS
- **React Ecosystem:** React Hooks (useState, useEffect), React Router, Component-Based Architecture, Responsive Web Development
- **API Integration:** REST APIs, Axios, JavaScript Fetch API
- **UI/UX Design:** Figma, Auto Layout, Components & Variants, Prototyping, Dev Mode, Design Tokens, Wireframing, Responsive Design, Design Systems
- Others: Git, GitHub, Figma, Visual Studio Code, npm, Vite, Lucide React

PROFESSIONAL EXPERIENCE

Swipewire Technologies Private Limited — Junior UIUX Designer (Sept 2025 - Present)

- Designed responsive web and mobile user interfaces for 3+ client projects using Figma, ensuring intuitive user experiences and consistent design across platforms.
- Collaborated with developers to translate Figma designs into pixel-perfect, responsive web applications using React.js, HTML5, CSS3, and Tailwind CSS.
- Developed reusable React components and implemented client-side routing, interactive UI features, and state management using React Router and React Hooks (useState, useEffect).
- Created and maintained reusable design systems using Figma Components, Variants, Auto Layout, and Design Tokens to improve design consistency and development efficiency.
- Worked closely with cross-functional teams using Figma Dev Mode to deliver responsive, cross-browser compatible interfaces following modern UI/UX and frontend best practices.

PROJECTS

AI Resume Analyzer | Personal Project

- Developed an **AI-powered Resume Analyzer** using **React.js, Tailwind CSS, Node.js, Express.js, and Google Gemini AI API**, enabling users to upload PDF resumes and receive AI-generated feedback, skill analysis, and improvement suggestions.
- Implemented **REST API integration, PDF file upload using Multer, frontend-backend communication, and a responsive user interface**, delivering an interactive resume evaluation experience.
